

Ruth Starr
Telecommunications Specialist

Q. What do you like most about working at GSA FTS?

A. I like working at GSA FTS because I meet such interesting, fun-loving people. Its been a hoot ever since I got here almost two years ago. I just started sticking my nose into every nook and cranny I could so I could get to know people.

Q. What is your biggest accomplishment?

A. I'm getting my Master's Degree in education this coming summer. I love kids! I plan to get my Ph.D., so people can call me "Doctor Starr." It has been a dream of mine forever.

Q. What food can't you live without?

A. Chocolate chip cookies are my favorite. I can live without cake, but I'd die without cookies. Life is just too short to give up some things.

Q. What is your favorite sports team?

A. Colorado Rockies. Their colors are purple and black...the same as my school colors.

Q. What is something no one knew about you until now?

A. I love to paint and sing. Wherever I go, there's a party in the makin' – it's my trademark. I'm the "GSA Starr." When you see the GSA Starrmark, think of me. I'm a new icon!

Q. What is your life philosophy?

A. "If you always do what you always did, you'll always get what you always got." If you don't like something, change it.
